

Instructions for signs for the top of the CakeSafe

Print out this page and place 2 of these on the top facing away from each other, and near the edge of the top so they can still see the cake.

Instructions for the sides of the CakeSafe

Print out two of the following “**This Side UP**” signs and place them on the white side panels opposite each other, so that they’re visible from both sides of the CakeSafe. You don’t want to put them on all 4 sides because you want as much of the cake to show as possible.

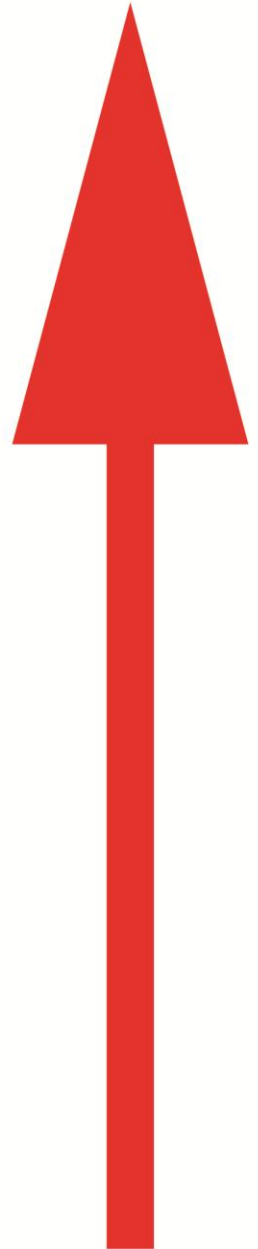

THIS SIDE UP

YES, THIS IS A

REAL CAKE!

**WE REALLY APPRECIATE
YOUR TAKING CARE OF IT!**

THANK YOU!!!
